When you book any trip 3 days or longer trip by 12/15/05.

Happy Thanksgiving

Keep Your Field Trip Cost Down..

As you know, field trips are bundled services which are conveniently sold as one price, per person. The services may include airlines tickets, motor coach transportation, hotel accommodations, restaurants, attractions and more. The recent increase in fuel prices and real estate has a direct impact on the cost of your fieldtrip, but the following tips will help you keep the cost down.

Saving Tips When Planning Your Field Trip

- **Hotel Location** : Stay in the outskirts of the city..15-20 minutes drive can save some \$
- **Guide Services** : Use free museum guided tours when possible.
- **Reduce # Of Fees** : Reduce the number of fees from 1/10 ratio to 1/20.
- **Motorcoach** : Use subway passes when possible instead of your motor coach.
- **Tour Company** : Get a few bids...not all companies make the same level of profit.
- **Transfers from the school** : Have the parents drop children off at the airport
- **Meals** : Eat in Food courts. All you can-eat-buffets, Fast food restaurant.
- **Airlines** : Check out the low cost airlines vs Commercial Carriers.
- **Airports** : Compare rates for different airports of departures and arrival

Your SAT/Student Adventure Tours coordinator will assist you in building the perfect field trip for your needs. Don't forget to ask for ways to save on your fieldtrip experience...we are always happy to "crunch the numbers" for you and work with your budget.

LUNCH WITH AN ASTRONAUT

**Featured Attraction: Kennedy Space Center
Moon, Mars & Beyond.**

FREE admission for Teachers !

One of the most popular programs at Kennedy Space Center, "Lunch with an Astronaut" gives students a one-of-a-kind experience to meet a member of NASA's Astronaut Corps and get their autograph. Held daily, these sessions offer an up-close and personal opportunity to share in the excitement of space exploration through the eyes and personal stories of one of NASA's best, all while enjoying a delicious meal. Young people will learn about the importance of schoolwork and setting goals to achieve their dreams.

An impressive roster of Astronauts have appeared since the program's inception in 2001, among them Wally Schirra, John Glenn, Jim Lovell, Gene Cernan, Walt Cunningham, Story Musgrave, Jon McBride and more. Available Programs:

Exciting Educational Programs

- Overnight Adventures
- Lunch with an astronaut
- Camp Kennedy Space Center
- Salute to Scouts
- Homeschool days
- And much much more

New !

STUDENT ATX

New at Kennedy Space Center
For Students in Grades 6-12

Immerse your students in the world of today's Astronauts and NASA's New Vision for Space Exploration. Students will undergo an authentic day of hands-on mission simulations and space exploration activities designed to prepare them for the rigors of space flight. They will participate in a space exploration briefing, a classroom training module, motion-based simulations and full-scale Space Shuttle mission simulation.

Call 1-800-241-1728 for a complete price and package.
